CADET PROGRAMS

ANNOUNCING THE 2015 ENGINEERING ACADEMY!!!

LOCATION: **WEBER STATE UNIVERSITY – OGDEN, UTAH**

DATES: **JULY 7 – 12, 2015**

FACEBOOK PAGE: <https://www.facebook.com/RMREngineeringAcademy>

ABOUT: Rocky Mountain Region Cadet Programs is partnering with the Weber State University, College of Applied Science and Technology, to host the 2015 RMR Engineering Academy. Cadets will receive stand-up instruction from current, and former engineers on computational, aerospace, and mechanical engineering, plus lean manufacturing.

Cadets will be divided into competitive teams to design and build small Arduino robots, remote control hovercrafts, and other projects.

Cadets will also spend one day at Hill AFB for an engineering familiarization that will include an up close and personal view of the F-22 facilities. If you want to know what else we are going to do, you must sign up but I can guarantee that it will be unique!

This will be a great opportunity to learn about engineering, participate in team building activities, have fun, and make new friends.

ELIGIBILITY: At least a C/SSgt and 14 years old at the time of application.

COST: \$75 (*will be collected after acceptance*)

HOW TO APPLY: Applications will be accepted on a “first-come, first-served” basis. There are only 18 slots available so apply ASAP!!! Applications will close once all slots are filled.

TO APPLY, SEND A COMPLETED CAPF 31 WITH ALL REQUIRED SIGNATURES TO MAJ ALISHA CHRISTIAN (achristian.rmr.cap@gmail.com)

NOTE: If you are a cadet in Utah, Wyoming, or Idaho. You may submit your CAP Form with just your Squadron Commanders signature.

Once you are accepted you will receive a letter with additional information including the payment process.

If you have any questions, please feel free to contact:

Alisha Christian, Major, CAP
Asst Deputy Chief of Staff, Cadet Programs – Rocky Mountain Region
